

International Journal of Plasma Environmental Science & Technology accepts unpublished papers on original research work based on plasma, review, letter to the editors in English. The scope of the articles is as follows:

- Gaseous pollution control
- Water treatments
- Solid and liquid waste treatment
- Plasma chemical processing of materials for environmental applications
- Electrostatic handling of particulate matters
- Biological applications such as decontamination, measurement
- Basic science and technology of atmospheric plasma for environmental application
- Novel application of plasma

Assembly of Editors (Regional)

J. Mizeraczyk: East Europe

A. Mizuno: Asia, Australia, Africa, Middle East

T. Oda: East Asia

G. Touchard: West Europe

L. Rosocha: America, Canada

B. Locke: America, Canada

Keping Yan: China

Editorial Board

M.B.Chang (Taiwan, ROC)

C. Paradisi (Italy)

E. Odic (France)

International advisory board

I. Berta (Hungary)

M. Bai (China)

H. Romat (France)

N. Buenconsejo Jr (Philippines)

M. & A. Goldman (France)

J. Hoard (USA)

S.J. Kim (Korea)

K. Mizuno (Japan)

Keping Yan (China)

G. Pietsch (Germany)

T. Yamamoto (Japan)

S. Futamura (Japan)

T. Akitsu (Japan)

Y. Yoshioka (Japan)

Wu Yan (China)

S.H. Lee (Korea)

Keping Sun (China)

Publication and Subscription

- IJPEST will select papers from related conferences for special issue.
Regular papers are also published.
Reviews will also be invited.
- The journal publication and editorial work will be co-operated by the assembly of editors
- Web-publication through Institute of Electrostatics Japan for download
- Hard copy will be prepared by Institute of Electrostatics Japan, and published by International Electrostatics Assembly
- Distribution of IJPEST will be announced to the following assembly members;
IEJ-Japan, SFE-France, CAGE-Canada, IEEE-IAS-EPS, IEEE-DEIS-EHD,
Chinese Physical Soc. -Electrostatic Committee, Int.ESP Soc., IOP-Electrostatic,
EU Chem.Eng.-Electrostatic, ESA-USA, KEA-Korea

Subscription shall be made through Institute of Electrostatics Japan
