

March, 2008

International Journal of Plasma Environmental Science and Technology

J. S. Chang, J. Mizeraczyk, A. Mizuno, T. Oda , G. Touchard

1. Scope:

Application of atmospheric pressure plasma in improvement of environmental and in creation of technologies for better life has been of great interest. There has not been a good reference journal with its basis on physics and electrical engineering. International Journal of Plasma Science and Technology will publish papers and reviews on this basis.

This journal covers the following subjects in the field of plasma science and technology.

- Gaseous pollution control
- Water treatments
- Solid and liquid waste treatment
- Plasma chemical processing of materials for environmental applications
- Electrostatic precipitation of particulate matters
- Biological applications such as decontamination, measurement
- Basic science and technology of atmospheric plasma for environmental application

Assembly of Editors (Regional):

J. S. Chang ; North & South America
 J. Mizeraczyk ;East Europe
 A. Mizuno ;South Asia,Australia,Africa,Middle East
 T. Oda ;East Asia
 G. Touchard;West Europe

Editorial Board

M.B.Chang(Taiwan,ROC)
 B.Locke (USA)
 M.Sato(Japan)
 J. D. Moon (Korea)

International advisory board:

I.Berta(Hungary)
 M.Bai (China)
 H. Romat (France)
 N. Buenconsejo Jr (Philippines)
 M.& A. Goldman (France)
 J. Hoard (USA)
 S.J.Kim(Korea)
 K. Mizuno (Japan)
 G. Pietsch (Germany)
 M. Rea (Italy)
 L. Rosocha (USA)
 T. Yamamoto (Japan)
 S. Futamura (Japan)
 T. Akitsu (Japan)

Y. Yoshioka (Japan)
 Wu Yan (China)
 S.H.Lee (Korea)
 Keping Sun (China)
 Joseph Crowley (USA)
 Kelly Robinson(USA)

2. Publication:

2.1 Frequency: 2 periodicals will be published per year (March & September) IJPEST will select papers from related conferences for special issue. Regular papers are also published on the same issue. Reviews will also be invited.

2.2 Editorial: The journal publication and editorial work will be co-operated by the assembly of editors

2.3. Web and printed publications: Web-publication may be made through Elsevier for download. Hard copy will be prepared by Institute of Electrostatics Japan. Published by International Electrostatics Assembly

Distribution of IJPEST will be made through the following assembly members;

IEJ-Japan, SFE-France, CAGE-Canada, IEEE-IAS-EPS, IEEE-DEIS-EHD, Chinese Physical Soc. -Electrostatic Committee, Int.ESP Soc., IOP-Electrostatic, EU Chem.Eng.-Electrostatic, ESA-USA, KEA-Korea

2.4 Page length and references:

Research letter 1 page,

Regular paper 6 page (about)

Appropriate method shall be taken to improve Impact Factor by mandatory requesting references more than 15 without self- citation.

2.5 Subscription and publication fee:

Assembly member: 5500 yen/year or 55 US \$/year

Commerical, University Non-member; 10,000yen/year

Authors receive the journal with own paper free-one copy upon publication fee was paid , and receive a discount ticket for subscription.

Publication fee, 10, 000 yen or 100 US\$ should be paid by the authors.

Discount for paper submission is given to reviewers. (one time/year can be used)

2.6 Submission:

International Journal of Plasma Environmental Science & Technology accepts unpublished papers on original research work, review, letters to the editors in English based on the scope described above.

(1)The submission must indicate co-authors and a corresponding author(CA). CA must provide 1.Full mailing address; 2.Fax and Telephone; and 3.e-mail address.

(2) Submission must be in the form of hard copy or electronic copy in the form of PDF. For hard copy submission, three copies of double spaced manuscripts with full size figures and tables per page to the following the Co-Editors;

Jen-Shih Chang <changj@univmail.cis.mcmaster.ca>
 J.Mizeraczyk <jmiz@imp.gda.pl>
 A.Mizuno <mizuno@eco.tut.ac.jp>
 T.Oda <oda@ee.t.u-tokyo.ac.jp>
 G.Touchard <Gerard.Touchard@lea.univ-poitiers.fr>

(3) All the paper submitted will be reviewed by two reviewers and the Co-Editors assigned paper will be communicating between authors and reviewers. If the opinion of the two reviewer is contradicted, the third reviewer will be invited.

(4) The format of the paper is:

Recommended conference papers in ISNTP, AP-AWTGORT and others to this journal will be reviewed as their original form if the authors do not wish to revise before the review.

New submission or revised manuscript of the above noted conference papers

1. Use 12 pt font size and standard font.
2. Use double space and wide (3cm) margin
3. Present table and figure on separated pages at the end of the manuscript
4. Number all pages consecutively
5. All the equation numbers must be right-hand side and referred in text as "Eq. Number".
6. All the publication cited in the text should use "[number].".

The list of reference should give in the following form;

- [1] Names of full coauthors, title of paper, names of journal, volume, full pages, year.
- [2] Names of full co-authors, Title of book, publisher, place, year
- [3] Names of full co-authors, Titles, Name of conference proceeding, editors names, volume, full page numbers, year.

Important notes:

1. Length of the paper
 Contributed paper: 6 pages (about)
 Research note: 1 page

Format of the final version (after acceptance) to be photo-copied for publication, is attached. According to this format, the page length should be determined.

2. References:

The editorial board asks the authors to refer more than 15 papers besides self citation. This is to improve the IF, and we ask the authors to do so.
